

Therapist - Field Clinical Support Specialist (CSS)

Job Type: Full time and Part time (contractor) positions available in New England, Midwest, Southeast, and West.

Myomo is seeking talented, experienced therapists (PT, OT) to join our dynamic team to bring innovative, noninvasive technology interventions that improve the mobility of stroke patients suffering from upper extremity hemiparesis. The Field Clinical Support Specialist will function as a liaison between Myomo business development and our physicians, therapists and patients at partner facilities. The CSS will train, educate and establish standards of practice in the use of Myomo therapy and will receive complimentary Myomo e100 Therapy Provider Certification.

* Interested candidates should e-mail their cover letter and resume to jobs@myomo.com.

Responsibilities

- 1) Develop proficiency in use of Myomo products to serve as a resource to therapists and patients.
- 2) Establish standards of practice in the use of Myomo products to ensure quality care. Assist with development of training methods and materials as needed.
- 3) Demonstrate competency in assessing learning needs, training and teaching clinical staff.
- 4) Provide continuing support and education to partner clinics within assigned area.
- 5) Participation in in-services and account presentations.
- 6) Support patient referral programs with our partner clinics.
- 7) Full time position may require extensive travel; part time position may require occasional overnight travel.
- 8) Attendance and participation at industry conferences and meetings.
- 9) Perform other related, essential tasks as needed.

Hours

- Full time position (40 hours/week)
- Part time (contractor) position 16-24 hours/week with the potential to develop into a full time position.

Experience

- Minimum of 2-4 years clinical experience working with upper extremity therapy methods.
- Knowledge and experience working with stroke (CVA) patients preferred.
- State licensure as a PT or OT required.

Skills

- Enjoy learning about and using new technologies
- Ability to communicate effectively both verbally and in writing
- Customer Service focus
- Self motivated with ability to adapt to new situations, prioritize work, and solve problems
- Basic knowledge of computer programs including Excel, Word, Power Point

Compensation

Myomo offers a competitive compensation, commensurate with experience, and growth opportunities. We are an equal opportunity employer.

About Myomo, Inc.

Myomo, Inc., a medical device company with roots at the Massachusetts Institute of Technology and prestigious Boston-area hospitals, is pioneering innovations in non-invasive neurorehabilitation through development and commercialization of NeuroRobotics. The Myomo e100 NeuroRobotic System is an EMG-controlled therapeutic modality that enables patients to initiate and achieve normal movement patterns of hemiparetic limbs. The wearable, portable system is initially indicated for stroke patients. Myomo is a privately-held company and is headquartered in Boston, MA. To learn more, visit (<http://www.myomo.com>)
